HOW TO POST YOUR LAYOUTS TO OUR CHALLENGE THREADS

Once you've completed a page, and have it uploaded to your gallery, go to our March 2020 Mojo Challenge forum here:
<https://pickleberrypop.com/forum/index.php?forums/monthly-mojo-march-2020.204/>
You'll see the list of this month's mojo challenges on the page:

Each challenge has its own thread containing the challenge itself, the rules, and replies. You want to post each of your pages in their respective threads.... Tic Tac Toe challenge layout in the March 2020 Tic Tac Toe Challenge thread, Sketch challenge layout in the March 2020 Sketch Challenge thread, etc. To post your color challenge layout, you might have to scroll a bit to find the thread for the challenge.

(Each time someone replies to a thread, that thread goes to the top under the Mojo Tracking Thread, so the order you see here, may not be the same order you see)

After the page loads, scroll all the way to the bottom:

Jenni here and I am happy to host the Color Challenge.
I am partial to the colour **green** as I have **green eyes**
and the month of March celebrates St. Patrick's Day and the luck of the Irish.

Color Challenge

Scrap a page about **what makes you feel lucky, use mostly the color green on your page!**

"May your day be touched by a bit of Irish luck, brightened by a song in your heart and warmed by the smiles of the people you love."

I created my sample layout with **Leprechaun Alley Page Kit** by Kathryn Estrry.

CKY I was born lucky to the most wonderful parents one could wish for. My younger brother and sister completed our family and although both my mum and Dad had childhoods that were not always happy they excelled at loving parents. We were brought up in a home with unconditional love and throughout our lives this has never faltered. I married my sweetheart and we had four wonderful children together. The are grown now, three boys and finally a girl. I have two wonderful partners that are loving, family minded and I am so lucky to have them. I am so lucky to have them through my life.

Hit the enter button then click on the gallery embed icon... it looks like a little camera:

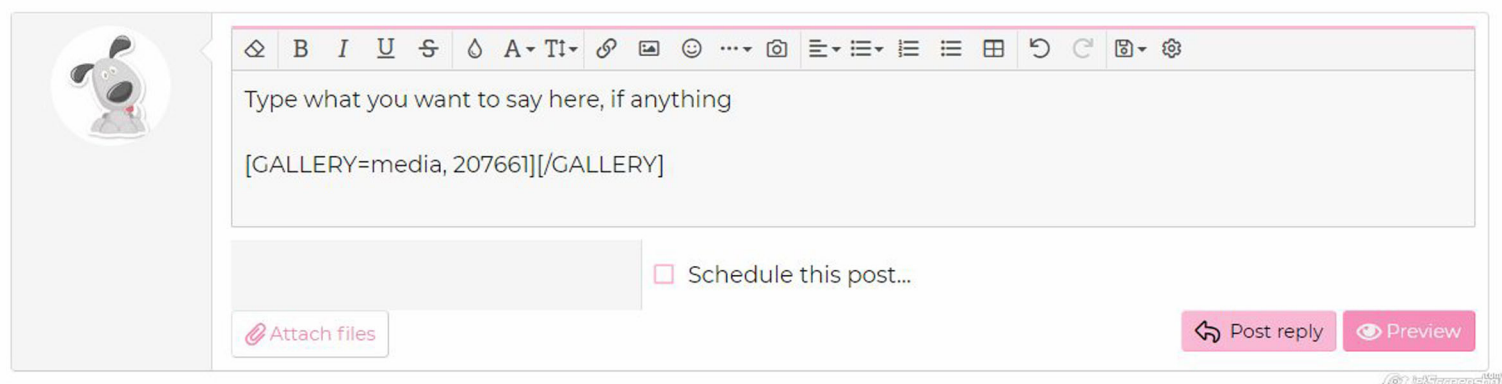

A box will pop up showing you your layouts. Click on your color challenge layout:

Then scroll down a teeny bit and click on the Continue button:

Now you should be looking at your reply again, this time with GALLERY tags in it – that's your layout, don't delete that:

The screenshot shows a forum reply editor. On the left is a profile picture of a grey dog. The main text area contains the placeholder text "Type what you want to say here, if anything" and a code snippet "[GALLERY=media, 207661][[/GALLERY]". Above the text area is a rich text editor toolbar with icons for bold, italic, underline, strikethrough, link, unlink, image, video, quote, code, bulleted list, numbered list, indent, outdent, table, undo, redo, and settings. Below the text area is a "Schedule this post..." checkbox. At the bottom left is an "Attach files" button. At the bottom right are "Post reply" and "Preview" buttons. A small "beta" watermark is visible in the bottom right corner of the editor area.

All that's left to do is to click on the Post Reply button and you're done :D

Don't forget to update your tracking post in the March 2020 Mojo Tracking Thread!
